

Agua Max

Cleaner and Descaler

ENVYSS

PRODUCT DATA SHEET

For Industrial and Commercial Use Only

- Effectively cleans without bleaching or staining
- Keeps water lines clean so drinkers and spray nozzles stay clear
- Removes scale and mineral deposits from cool cells and cool cell pads. Does not damage cool cell surfaces or the pads. Contains no oxidizing or strong reducing agents.
- Helps maintain water lines and cooling equipment in top condition for more efficient operation and a longer effective use life.

COMPONENTS

Chemical Name	CAS Number	Weight Concentration %
Quaternary Ammonium Compounds Benzyl C12-C16- alkyl-dimethyl, Chlorides	68424-85-1	1.00% - 5.00%
Proprietary Surfactants	68439-46-3	1.00% - 5.00%

KEEP OUT OF THE REACH OF CHILDREN | DANGER

BEFORE USING, READ THE SAFETY DATA SHEET (SDS) FOR THIS PRODUCT.

DIRECTIONS: Removes scale, mineral deposits and other buildup from waterers, water lines, cool cell pads and recirculating cooling systems. Makes an excellent general-purpose cleaner for hard surfaces on farms and in hatcheries. Effectively cleans without bleaching or staining. Keeps water lines clean so drinkers and spray nozzles stay clear. Removes scale and mineral deposits from cool cells and cool cell pads. Does not damage cool cell surfaces or the pads. Contains no oxidizing or strong reducing agents. Helps maintain water lines and cooling equipment in top condition for more efficient operation and a longer effective use life.

USE RATE

General purpose cleaning	1 to 2 oz/gal
Cleaning nipple waterers (not birds present - between flocks)	Make stock solution of 1:1 and proportion into water lines at the rate of 1oz/gal of water.
Cleaning nipple waters (birds present)	Makes stock solution of 4 oz Aqua Plus+ to 124 oz of water. Proportion into water lines at the rate of 1 oz/gal of water.
Cleaning Cool Cells	Add to sump 1/2 oz/gal of water.
Cleaning Cool Cell Pads	Mix 1 gal in 25 gal water. Saturate pad before washing pad with water hose or pressure washer
Wetting agent in barn wash down	1 gal into 300-500 gallons water

FIRST AID MEASURES

INHALED: If fumes, aerosols or combustion products are inhaled remove from contaminated area. Other measures are usually unnecessary.

EYE CONTACT: If this product comes in contact with the eyes: Wash out immediately with fresh running water. Ensure complete irrigation of the eye by keeping eyelids apart and away from eye and moving the eyelids by occasionally lifting the upper and lower lids. Seek medical attention without delay; if pain persists or recurs seek medical attention. Removal of contact lenses after an eye injury should only be undertaken by skilled personnel.

SKIN: If skin contact occurs: Immediately remove all contaminated clothing, including footwear. Flush skin and hair with running water (and soap if available). Seek medical attention in event of irritation.

IF SWALLOWED: If swallowed do NOT induce vomiting. If vomiting occurs, lean patient forward or place on airway and prevent aspiration. Observe the patient carefully. Never give liquid to a person showing signs of unconscious. Give water to rinse out mouth, then provide liquid slowly and as much as casualty can comfortably drink. Seek medical advice

NOTES TO PHYSICIAN: Treat symptomatically

HAZARDS IDENTIFICATION

Wear protective gloves/protective clothing/eye protection/face protection

Immediately call a POISON CENTER or doctor/physician if you feel unwell after exposure of this product

Specific treatment (see First Aid below or label)

Take off contaminated clothing and wash before reuse

IF ON SKIN: Wash with soap and water

IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower

IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do - continue rinsing

If skin irritation occurs: Get medical advice/attention

IN CASE OF FIRE: Use dry chemicals, CO2, water spray or alcohol-resistant foam to extinguish.

STORAGE AND DISPOSAL

Store in original container in a cool place. Store locked up. Keep container tightly closed. Use and store only with adequate ventilation.

Reuse or reprocess, if possible. Dispose in accordance with all applicable State, Local and Federal regulations. Regulations may be subject to disposal regulations: U.S. EPA 40 CFR 261. Hazardous Waste Number(s): D002.
