

COMPONENTS

Chemical Name	CAS number	Weight Concentration %
Mixture, primarily Alcohols, C12-14, ethoxylated, sulfates, sodium salts	68891-38-3	5.00% - 10.00%
Triphosphoric acid, sodium salt (1:5)	7758-29-4	1.00% - 5.00%

DIRECTIONS

NF is a neutral high foaming cleaner that provides superior cleansing and detergency yet has excellent mildness. Made from renewable raw materials such as vegetable oils and starch, NF provides safe, effective and environmentally preferred cleaning.

NF is excellent in food processing, transportation, and manual cleaning operations where a neutral pH is desired. It is safe for use on all surfaces such as aluminum, and soft metals, such as brass and copper.

USE RATE

Suitable for use in a wide range of foam and pressure washing systems.

USE AREAS: Walls, floors, ceilings, equipment, vehicles, and

Use at .5-3 oz/gal or 4 -24 ml/L.

STORAGE AND DISPOSAL

Store in original container in a cool place. Store locked up. Keep container tightly closed. Use and store only with adequate ventilation.

Reuse or reprocess, if possible. Dispose in accordance with all applicable State, Local and Federal regulations. May be subject to disposal regulations: U.S. EPA 40 CFR 261. Hazardous Waste Number(s): D002.

NF

Neutral Foaming Cleaner

- pH Neutral
