NET CONTENTS:  
1 GALLON (3.75 LITERS)

## FIRST AID MEASURES

**INHALATION:**  
If fumes, aerosols or combustion products are inhaled remove from contaminated area.

Other measures are usually unnecessary.

**EYE CONTACT:**  
If this product comes in contact with the eyes:

Wash out immediately with fresh running water.

Ensure complete irrigation of the eye by keeping eyelids apart and away from eye and moving the eyelids by occasionally lifting the upper and lower lids.

Seek medical attention without delay; if pain persists or recurs seek medical attention.

Removal of contact lenses after an eye injury should only be undertaken by skilled personnel.

**SKIN CONTACT:**  
If skin contact occurs:

Immediately remove all contaminated clothing, including footwear.

Flush skin and hair with running water (and soap if available).

Seek medical attention in event of irritation

**INGESTION:**  
If swallowed do NOT induce vomiting.

If vomiting occurs, lean patient forward or place on left side (head-down position, if possible) to maintain open airway and prevent aspiration.

Observe the patient carefully.

Never give liquid to a person showing signs of being sleepy or with reduced awareness; i.e. becoming unconscious.

Give water to rinse out mouth, then provide liquid slowly and as much as casualty can comfortably drink.

Seek medical advice.

**Notes to Physician:**  
Treat symptomatically

## HAZARDS IDENTIFICATION

**Precautionary Statements**  
**Danger:**

Wear protective gloves/protective clothing/eye protection/face protection

Immediately call a POISON CENTER or doctor/physician if you feel unwell after exposure of this product Specific treatment (see First Aid below or label)

Take off contaminated clothing and wash before reuse

IF ON SKIN: Wash with soap and water

IF ON SKIN (or hair):  
Remove/Take off immediately all contaminated clothing.  
Rinse skin with water/shower

IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do - continue rinsing.  
If skin irritation occurs: Get medical advice/attention

IN CASE OF FIRE: Use dry chemicals, CO2, water spray or alcohol-resistant foam to extinguish.
